

Chiemelie Carita Ndibe

Software Developer

+234 810 754 0376 • caritaemelie@gmail.com • [LinkedIn](#) • [GitHub](#)

PERSONAL SUMMARY

Backend Developer with over 3 years of experience building and maintaining scalable server-side applications. Skilled in Node.js, TypeScript, PostgreSQL, MySQL, MongoDB, and RESTful APIs. Strong background in cloud deployment (AWS, Docker), database design, and system optimization. Proven ability to deliver reliable, secure, and high-performance backend systems while collaborating with cross-functional teams.

PROFESSIONAL EXPERIENCE

RAD5 Tech Hub — Backend Developer

2024 – Present

- Designed and deployed scalable backend services using Node.js, TypeScript, PostgreSQL, and MongoDB.
- Built enterprise management platforms automating workflows → 30% efficiency improvement.
- Developed REST APIs for school management systems (attendance, results, assessments).
- Integrated AI-powered modules to support intelligent decision-making.
Implemented security and authentication features for sensitive educational data.
- Mentored junior developers and supported DevOps deployments using Docker, cloud hosting and Shared Hosting.

Decagon — Associate Software Developer (Intern)

2023 – 2024

- Built full-stack web applications using Node.js, Express, React.js, and TypeScript.
- Participated in policy-driven software requirements gathering for digital education tools.
- Contributed to sprint planning and Agile ceremonies, showcasing strong project management and collaborative skills.
- Ensured delivery of maintainable, scalable features with strong REST API design and version control practices.

Freelance and Community Engagement — National Youth Service Corps and CSAAE
2020 - Present

- Participated in educational programs to support policy compliance, and digital literacy.
 - Consulted on technical infrastructure for digital inclusion campaigns.
 - Volunteered as a mentor and tech facilitator in capacity-building workshops for under-served communities.
-

SKILLS

Backend and API Development: Node.js, Express.js, Python, REST APIs, GraphQL

Databases: PostgreSQL, MongoDB, MySQL, Sqlite

Frontend: JavaScript, TypeScript, React.js

DevOps: Docker, CI/CD Pipelines, Cloud Hosting

Tools and Methodologies: Git, GitHub, Agile (Scrum, Kanban)

Professional Skills: Project Management, Policy Integration, Mentorship, Capacity Building, Technical Support

EDUCATION

University of Benin - 2015 – 2021

Diploma in Software Engineering : Decagon Institute - 2023

CERTIFICATIONS

- SCRUM Fundamentals Certified (SFC) – SCRUMstudy
 - Six Sigma Yellow Belt – Global Certification Body for Six Sigma
 - AWS Certification – Thinkcloudly
 - Cybersecurity Essentials – CyberSafe Foundation
 - Introduction to AI for IT and Non-IT Professionals – Virtual University for Small States of the Commonwealth
 - Artificial Intelligence Training for Policy Actors – Digital Transformation Centre Nigeria
-
